TEL-AVIV TOWN PLANNING SCHEME NO. 56.

DIS
ADJUSTMENT OF BOUNDARIES AND COMPLETION OF PLOTS
IN ABOUL-JIBEN, BARZILAI AND NEVE-SHAANAN QUARTERS.
 5 JAN. 1939
 No.

- The boundaries of this Scheme are:
 North: the southern boundary of Palestine Railways land;
 South: the axis of Ein-Hakozeh street;
 West : the axis of Yessod Hamaala street;
 East: the axis of Levanda street.
- The parcellation scheme of Barzilai and Neve-Shaanan Quarters was carried out some 15 years ago while no attention was given to the necessity of completing and adjusting the bits of land on the boundaries. In the Aboul-Jiben parcellation scheme which was carried out in 1935 this necessity of completion of plots was taken into consideration.

The object of the present scheme is, therefore, to adjust the boundaries of certain plots and to complete them so as to form regularly shaped plots on which buildings can be erected in conformity with the building regulations in force in that area.

- The following plots shall be completed or their existing form changed:

No. of existing plot	No. of parcel or part of parcel which completes the plot	New numbering of completed plot.
: 110 of Block 6943	: 172 in Block 7067	: 1
